IFORS 2014 - Early Registration Deadline 10th March 2014

Thank you for your abstract submissions to IFORS 2014. Please note that the deadline for early registration is March 10th 2014.

<http://ifors2014.upc.edu/registration>

IMPORTANT DATES

Notification of acceptance: 10 MARCH

Deadline for early Registration: 10 MARCH

Regular Registration: 11 MARCH - 30 APRIL

Late and on-site registration: 1 MAY - 13 JULY

EURO Mini Conference on "Stochastic Programming and Energy Applications" Paris, France, Sep 24-26, 2014

EURO
The Association of European
Operational Research Societies

The Organizers of the European Conference on Stochastic Programming and Energy Applications (EuroCSP2014) are honored to host the first EURO Mini Conference in Paris, France from September 24 to September 26, 2014.

The EuroCSP is organized by EURO, the European Association of Operational Research Societies, EWGSP, the Working Group on Stochastic Programming, and by SPS, the Stochastic Programming Society.

The conference aims to bring together the leading researchers in stochastic programming, practitioners in the field, students, clients and users. Participants are welcome both from academics, but also industry, media and institutions concerned with data uncertainty as well as decision making solving stochastic applications in energy and sustainability.

Important dates

- Deadline for abstract/paper submission: June 15, 2014
- Notification of acceptance/rejection: June 25, 2014
- Deadline for registration fee payment for inclusion in the abstract book: September 1st, 2014
- Conference: September 24-26, 2014

Conference Chair:

Prof. Abdel Lisser (Paris Sud)
Contact : lisser@lri.fr

Plenary sessions speakers:

Pr. Darinka Dentcheva (USA)
Pr. René Henrion (Germany)
Pr. Michel Minoux (France)

<http://www.eurocsp2014.com/index>

EURO Working Group ECCO (European Chapter on Combinatorial Optimization) ECCO XXVII - CO 2014 Joint Conference Munich, Germany, May 1-3, 2014

EURO
The Association of European
Operational Research Societies

INVITATION AND CALL FOR PAPERS

<http://www.ecco2014.ma.tum.de>

Abstract submission starts: **January 1st, 2014**
Submission Deadline: **March 15th, 2014**

Venue: **Technische Universität München**

TOPICS OF INTEREST include, but are not limited to

- theory and applications of combinatorial optimization,
- exact solution algorithms, approximation algorithms, heuristics, and meta-heuristics for combinatorial optimization problems,
- integer programming, global optimization, stochastic integer programming, multi-objective programming, graph theory and network flows,
- application areas include logistics and supply chain optimization, manufacturing, energy production and distribution, land consolidation, telecommunications, bioinformatics, finance, discrete tomography, discrete and hybrid dynamical systems, and other fields

PLENARY SPEAKERS

Martin Grötschel, Technische Universität Berlin, ZIB

David S. Johnson, AT&T Labs - Research
Salvatore Greco, Università degli Studi di Catania

PROGRAM COMMITTEE

Peter Gritzmann (Chairman), Technische Universität München
Jacek Blazewicz, Polish Academy of Sciences Poznań
Van-Dat Cung, Grenoble INP
Alain Hertz, École Polytechnique Montréal
Silvano Martello, University of Bologna
Chris Potts, University of Southampton
Dolores Romero Morales, University of Oxford
Vitaly Strusevich, University of Greenwich
Paolo Toth, University of Bologna

ORGANIZING COMMITTEE

Peter Gritzmann (Chairman), Technische Universität München
Steffen Borgwardt, Technische Universität München
René Brandenberg, Technische Universität München
Andreas Brieden, Universität der Bundeswehr München
Michael Ritter, Technische Universität München
Gerhard-Wilhelm Weber, Middle East Technical University

For additional information, please consult the website at

4th EURO WG Conference on Operational Research in Computational Biology, Bioinformatics and Medicine Poznan, Poland, Jun 26-28, 2014

EURO
The Association of European
Operational Research Societies

Fourth Call for Abstracts **New deadlines and scholarships**

The organizers of the 4th EURO Working Group Conference on Operational Research in Computational Biology, Bioinformatics and Medicine have the pleasure of inviting you to take part in this conference to be held in Poznan, Poland, June 26-28, 2014.

Abstract submission deadline has been extended until March 2, 2014!

Make plans for your participation now - register today at:
<http://cbbm2014.cs.put.poznan.pl>.

Aims and Scope of the conference

The objective of EURO CBBM is to bring together researchers developing and using computational methods to solve problems in computational biology, bioinformatics and medicine. The conference intends to be an effective forum for the exchange of ideas and discussion of current research issues and future trends in the above area.

WE WELCOME SUBMISSIONS on all aspects of biomolecular sequence analysis, comparative genomics, metabolic network modeling and analysis, modeling and prediction of gene patterns, microarray informatics, protein and RNA structure prediction, protein interactions, genetic networks, analysis of genetic variations, systems biology, gene classification, docking and drug design, phylogenetics, and others!

INVITED TALKS will be given by:

- Marek Figlerowicz (Inst.of Bioorganic Chemistry, PAS, Poland)
'Copy number variations in plant genomes'
- Giuseppe Lancia (University of Udine, Italy)
'20 Years of haplotyping: an overview.'
- Katarzyna Purzycka (Inst. of Bioorganic Chemistry, PAS, Poland)
'RNAComposer. Challenges in modelling three-dimensional structures of large RNAs.'
- Eric Westhof (Centre National de la Recherche Scientifique, France)
'Constraints and Limits due to Base Tautomerism in Ribosome Decoding Fidelity.'

Conference venue

The conference will be hosted in the 130-year-old neo-renaissance Biedrusko Palace (Poznan-Biedrusko, Poland).

Abstract submission

Abstracts must be written in English and contain no more than 600 characters (no formulae or mathematical notations are allowed). Each attendee is allowed to present one paper at the conference. To submit an abstract, use the abstract submission system of EURO-Online available from the conference website <http://cbbm2014.cs.put.poznan.pl>.

Important dates

Deadline for abstract submission: **02/03/2014**

Notification of acceptance: 09/03/2014

Deadline for early registration: 23/03/2014

Special issue

Selected conference papers can be submitted for peer-reviewed publication in the Special Issue of RAIRO - Operations Research or Foundations of Computing and Decision Sciences.

Program Committee is chaired by Jacek Blazewicz (Poznan University of Technology, Poland) and Metin Turkey (Koc University, Turkey).

Organizing Committee is chaired by Piotr Lukasiak (Poznan University of Technology, Poland) and Marta Szachniuk (Institute of Bioorganic Chemistry PAS, Poland).

Contact: cbbm2014@cs.put.poznan.pl.

A limited number of scholarships for Ph.D. students, covering participation costs is also available due to EURO sponsorship. Interested persons may apply at the above address.

17th Annual Meeting of the EURO Working Group on Transportation (EWGT2014) Seville, Spain, Jul 2-4, 2014

The 17th Annual Meeting of the EURO Working Group on Transportation (EWGT2014) will be held in the monumental city of Seville (Spain) from July 2nd to 4th, 2014.

Paper submission deadline extended to - **March 2nd 2014**.

The conference is organised by the Transportation Engineering Division of the University of Seville, under the patronage of the EURO Working Group on Transportation (EWGT) and the Association of European Operational Research Societies (EURO).

Since 1992, the annual meeting of the Euro Working Group on Transportation is a unique opportunity for attendants to share research results in analysing, monitoring, modelling, forecasting and decision aiding in transportation and logistics systems. EWGT conferences are held every year and attract European and internationally renowned scientists, engineers, analysts and planners in the field of transport from both Academia, Consulting Companies and Administration.

The 17th meeting of the Euro Working Group on Transportation will continue on this path fostering contributions on the frontier of knowledge. The Conference aims to provide a forum for exchanging ideas, presenting the latest developments and trends, proposing new solutions and promoting international collaborations. As you know, EWGT Conferences have long overpassed the European border and an important percentage of delegates are attending from other continents. We welcome them and wish to benefit from their contributions.

For this aim we are preparing a comprehensive program which includes plenary and keynote lectures, several symposia on a variety of topics as well as technical workshops on subjects of professional interest.

Together with all the members of the Scientific and Organising Committees, I look forward to meeting you in Seville!

Francisco G. Martinez
Chairman of the EWGT2014

For any details about the Meeting visit our website: <http://congreso.us.es/ewgt2014/ewgt2014/>

EWGT2014

JULY 2nd-4th, 2014
SEVILLE, SPAIN

Joint Meeting of the GOR and the EURO Working

Group on Stochastic Modeling, Mannheim, Germany, Jun 29 - Jul 2, 2014

EURO

The Association of European
Operational Research Societies

Second Call for Abstracts

This is a quick reminder that the abstract submission for the StochMod 2014 in Mannheim, Germany is open until March 7th, 2014. Your abstract should contain between 150 and 450 words and can be submitted at <https://www.easychair.org/conferences/?conf=stochmod2014>

This Joint Meeting of the GOR and the EURO Working Group on Stochastic Modelling will take place on June 29th - July 2nd, 2014 at the University of Mannheim, Germany. For more information, please visit <http://www.stochmod2014.de>

Important dates:

Deadline Abstract Submission: March 7th, 2014
Notification of Acceptance: March 21st, 2014
Deadline early registration: March 31st, 2014

Registration:

You can register here: <http://www.stochmod2014.de/Registration/Registration%20form/>

The annual event of the Continuous Optimization Working Group of EURO (EUROPT) Perpignan, France, Jul 10-12, 2014

EURO

The Association of European
Operational Research Societies

EUROPT2014
Joint event with IFORS14

Preliminary Call for Papers

We invite all researchers from the optimization community to take part in the EUROPT2014, to be held in Perpignan, France, July 10-12, 2014. EUROPT2014 is the annual event of the "[EUROPT group](#)", the Continuous Optimization Working Group of EURO (The Association of European Operational Research Societies). EUROPT2014 is the 12th Workshop on advances in continuous optimization. EUROPT2014 is a joint event of the [EURO/IFORS 2014](#) conference to be held in Barcelona, July 13-18, 2014. The academic program will consist in plenary talks and parallel sessions covering several aspects of continuous optimization.

Conference website:

<http://europt2014.univ-perp.fr/index.html>

Special Issue

A post-conference special issue of the journal Optimization will be published.

Important Dates

January 1, 2014 Paper/abstract submission begins.
March 15, 2014 Paper submission deadline.
April 15, 2014 Paper acceptance/rejection notification.
January 1, 2014 Early registration begins.
May 15, 2014 Late registration begins.

Conference Topics

Classical topics developed in this series of conferences are, but are not limited to:

- convex optimization and generalized convexity;
- local nonlinear optimization;
- global nonlinear optimization;
- optimal control - theory and applications;
- multiobjective optimization;
- conic optimization and semidefinite programming;
- semiinfinite optimization;
- robust optimization;
- stochastic optimization;
- large-scale methods in global search;
- optimization in data mining;
- data visualization for optimal decisions;
- applications of continuous optimization to combinatorial problems;
- optimization in industry, business and finance;
- supply chain management;
- analysis and engineering of algorithms;
- software development.

Danish Operations Research Society Applications of Optimization AOO 2014 Copenhagen, Denmark, Jun 2nd, 2014

<http://dorsnet.dk/aoo2014/>

The Danish Operations Research Society is pleased to announce AOO2014, our sixth annual workshop on applications of optimization. The workshop will take place on June 2nd, 2014, and it targets decision makers who are considering to adopt quantitative optimization methods in their business processes as well as managers and practitioners who seek input on ongoing projects.

The main purpose of the workshop is to highlight some of the challenges that companies and organizations face when seeking to adopt quantitative optimization methods in their business processes. The workshop will focus on presenting the subject of business optimization in a non-technical manner.

We are very excited about this year's program where we have invited some of the leading OR experts. We are confident that the program will be highly relevant to both industry practitioners as well as research professionals. Each talk will be followed by a brief discussion session on current challenges related to the topic of the talk.

The workshop especially addresses decision makers and analytic personnel in companies starting or already working on optimization projects. Many of the aspects concerning, e.g., problem modeling or end user involvement, even though they differ in main subject, face the same challenges from company to company.

It is our hope that this workshop will bring together people from different companies and organizations to be inspired by talks on how others put optimization projects to life and to discuss how to improve business optimization in general.

Further details regarding the individual talks will be announced on the program page in the near future, and information regarding registration can be found on the registration page. Please note that the early registration deadline is **May 1st, 2014**, and the regular registration deadline is **May 26, 2014**.

Contact information

The AOO planning committee can be reached at this email: aoo@dorsnet.dk

Annual Conference of the UK OR Society (OR56) Royal Holloway, UK, Sep 9-11, 2014

OR56 CALL FOR PAPERS

Royal Holloway University of London, Egham, Surrey, UK. TW20 0EX

The planning for the OR Society's Annual Conference, OR56, is well underway and the Conference Committee is in place to make sure things run smoothly.

We now need to encourage a supply of interesting, informative and challenging papers. Academics, practitioners, researchers and students with interests in any aspect of Operational Research are invited to present their work at OR56.

Details of all streams are available on our website. **The Title and Abstract Submission System is now open at www.theorsociety.com/OR56**. Prospective authors are, of course, welcome to discuss proposals for papers with stream organisers in advance of submission.

Each stream is encouraged to have a Keynote paper or an Extended Abstract. Such a paper is expected to present a state of the art review of an area and discuss future directions for research in the field. Keynote papers and Extended Abstracts will be highlighted in the Conference Programme and will be allocated additional time in the schedule if required. They can also be published in the Keynote Papers and Extended Abstracts Handbook and referenced with an ISBN number, if the speaker produces a full written version (maximum six pages). Guidelines for the preparation of the extended abstracts will be provided in due course.

Important Deadlines

- please note that these may be subject to change

- January 2014 Submission of Abstracts starts.
- 13 June 2014 Deadline for submission of Titles and abstracts to appear in the Conference Programme.
- 13 June 2014 Deadline for submission of full Keynote Papers and Extended Abstracts.
- 21 June 2014 Notification of Acceptance to be sent re Keynote Papers and Extended Abstracts.

- 30 June 2014 Deadline for early reduced registration fee.
- 02 July 2014 Deadline for final revision of abstracts. Presenters can make changes up to this date.
- 18 July 2014 Deadline for registration if the abstract or paper is to be scheduled for presentation. Thereby ensuring their talk will appear in the final programme. The conference committee reserve the right to exclude papers if bookings are not made by this date.

The Conference Committee

Andy Verity-Harrison, FICO - Joint Chair
 Giles Hindle, University of Hull - Joint Chair
 Christopher Haynes, Dstl - Programme Scheduler
 Pavel Albores, Aston University - Programme Co-ordinator
 Sophie Carr, Bays Consulting Ltd - Programme Co-ordinator
 Martin Keys, Dstl - Social Event Organiser
 Hilary Wilkes, The OR Society - Conference organiser

2014 INFORMS Revenue Management and Pricing Section Conference Istanbul, Turkey, Jun 5-6, 2014

www.informsrmp2014.org

The 14th Annual INFORMS Revenue Management and Pricing Section Conference will be held in Istanbul, Turkey on June 5-6, 2014. The event builds on the success of the previous thirteen conferences and is an essential forum for both practitioners and academics.

Those interested in presenting at the conference should submit a title and a one-page extended abstract of their talk by March 10, 2014 via the conference website. Submitted abstracts will be reviewed by the organizing committee and the authors will be notified of acceptance by April 1, 2014. The program will follow the format of previous conferences and allow discussions during and after the presentations. Conference presentations are scheduled on June 5 and June 6. The conference dinner will be on June 5.

A doctoral colloquium open to all students will be organized on June 4.

The conference is sponsored by the Revenue Management and Pricing Section of INFORMS, Sabancı University, Koç University, Istanbul Technical University and Bilkent University. The conference will be held on the Maçka Campus of Istanbul Technical University, located within a short distance of Istanbul's major tourist attractions. Various sightseeing tours of Istanbul and post-conference excursions to other parts of Turkey (such as the Aegean and Mediterranean seashores and Cappadocia) are planned for interested participants.

The registration for the conference is now available through the conference website. Early registration will end on April 15, 2014. Students who want to participate in the colloquium should mark their interest on the conference registration form.

For more details, please visit the conference website at www.informsrmp2014.org. You can also email us at rmp2014@sabanciuniv.edu.

We look forward to your participation.

Organizing committee

CLAIO Monterrey 2014: Call for Papers (Extended deadline) Monterrey, Mexico, Oct 6-10 2014

The paper submission deadline is extended to **15 March 2014**
 Only-abstract submission deadline remains on 01 May 2014

CLAIO XVII / CSMIO III
Joint ALIO/SMIO Conference

<http://pisis.fime.uanl.mx/claio2014/>

CALL FOR PAPERS

We invite members of the Latin-Iberian-American Association of Operations Research (ALIO) and the worldwide Operational Research (OR) community to take part in the XVII Latin-Iberian-American Conference on Operations Research held jointly with the III Conference of the Mexican Society of Operations Research (CLAIO/CSMIO 2014) in Monterrey, Mexico, October 6-10, 2014. The academic program will consist of parallel, technical, plenary talks, tutorials, and short courses, covering several aspects of OR.

ABSTRACT / PAPER SUBMISSION

To participate, an abstract of 1000 characters must be submitted. Additionally, an 8-page paper going through a review process may be submitted.

Papers and abstracts may be written in Spanish, English, or Portuguese, the three official languages of CLAIO. Accepted papers of registered authors will be published in the conference proceedings CD-ROM with an ISBN. All accepted abstracts will be published in the conference book of abstracts.

A post-conference special issue of "Annals of Operations Research" devoted to the best works of the conference will be published. See details in the conference web site.

IMPORTANT DATES

15/Mar/2014 (Optional) Paper submission deadline (extended deadline).
01/May/2014 Abstract submission deadline.
15/May/2014 Paper acceptance/rejection notification.
01/Jun/2014 Abstract acceptance/rejection notification.
15/Jun/2014 Camera-ready paper deadline.
31/Jul/2014 Early registration deadline

CMS 2014 - 11th International Conference on Computational Management Science Lisbon, Portugal, May 29-31, 2014

4th Call for papers and extended deadline announcement

The deadline for submission of abstracts and papers is now extended to February 28th. Contributed abstracts, of no more than 300 words, are welcome as well as conference papers, between 2 to 6 pages, to be published in a volume of Lecture Notes in Computer Science, by Springer, with the usual indexation features. Conference papers will be peer-reviewed by members of the Program Committee. If you wish, you can proceed directly to submission (<http://cms2014.fc.ul.pt/submission.php>).

Sessions in CMS 2014 should include 3 presentations, of 30 minutes each (20 minutes + 10 minutes for follow-up questions). We would be delighted to include organized sessions on the program. Someone interested in submitting a session should send an email to the conference chairs (conference.chairs@cms2014.fc.ul.pt) with the proposal.

You will find all the information and details on the CMS 2014 conference website (<http://cms2014.fc.ul.pt>), where you are also able to register for the conference and benefit from the "early bird" fees. Hotel bookings and other accommodation arrangements can be made through the conference website, following registration (<http://cms2014.fc.ul.pt/registration.php>). We remind that each speaker must be registered, otherwise it won't be possible to include the talk in the book of abstracts. Likewise, at least one of the authors from each paper must be registered in the conference for it to be included in the conference book, to be published by Springer. We also remind that each participant may at most be the speaker of one presentation.

The CMS conference is an annual meeting associated with the journal of Computational Management Science published by Springer. The aim of this conference is to provide a forum for theoreticians and practitioners from academia and industry to exchange knowledge, ideas and results in a broad range of topics relevant to the theory and practice of computational methods, models and empirical analysis for decision making in economics, engineering, finance and management. These include the following topics:

- computational economics, finance and statistics;
- energy;
- scheduling;
- supply chains;
- design, analysis and applications of optimization algorithms;
- deterministic, dynamic, stochastic, robust and combinatorial optimization models;
- solution algorithms;
- learning and forecasting such as neural networks and genetic algorithms;
- models and tools of knowledge acquisition, such as data mining;
- all other topics in management science with the emphasis on computational paradigms.

This year the CMS conference will place particular emphasis on computational methods and tools relevant for two important areas: Energy and Finance.

Participants are invited to submit a short abstract (approximately 300 words). Participants may, in addition, submit a short conference paper (2-6 pages) to be published in a volume of Lecture Notes on Computer Science, by Springer. A selection from all presentations will also be considered for publication as full papers in a special issue of Computational Management Science.

Keynote speakers: Victor DeMiguel (London Business School), William Pulleyblank (United States Military Academy), Daniel Ralph (University of Cambridge), Rüdiger Schultz (Universität Duisburg-Essen).

A CMS Best Student Paper Prize will be awarded at the conference. Further details will be provided later.

Submission deadline for abstracts and conference papers: **February 28, 2014**
