

EURO Practitioners' Forum Online Event

20 February 2024, 13:00 – 17:30 CET

[Registration site](#)

EURO Practitioners' Forum (EPF) Online Event is an inspiring opportunity for meeting with OR and analytics practitioners from across Europe and beyond.

Join us on gather.town and make connections, learn, collaborate and share experiences of what works and what doesn't when OR meets practice.

Programme includes: plenary keynote, parallel sessions, networking session, and other

Plenary keynote

Speaker: Semi Gabteni, Head of Data and Management Science at Groupe ADP

Parallel sessions: short presentations from speakers and round table discussions

Topics: Data Visualization, Optimization as explainable AI, and other

Networking session: discussion on softer topics concerning the life of an OR Practitioner.

Management of an OR Practitioner

Internal Recognition vs. External recognition

Deadline for registration: 19 February 2024, 17:00 CET

When you register, you will receive the link to our gather.town space. You're welcome to drop in at any time pre-event: see the space taking shape, catch up on the programme details, and access resources and links to support OR practice.

EURO Practitioners' Forum aims to help develop supportive networks, support and assist OR practitioners, and in particular people whose primary purpose is applying OR in a business/government/charity or similar environment. We believe that practitioners can benefit enormously from networking, sharing experiences, learning from each other, and potentially collaborating with each other. EPF membership is free, **become a member**.
